

Our school is really blessed to be a part of this amazing program. The tickets reach out and bring families together who normally would not attend events due to financial constraints. When 4 of the staff of Tillicum joined our families at one of the Giant's game (staff were extremely grateful for the opportunity) we had just a fantastic time. The kids were just pumped and it was nice to interact without the confines of being at school. I love being the coordinator because I get to see first hand the joy and excitement the kids share when they receive tickets and how much they have to say after the event.
