September 28 2010

Dear Pattison Outdoor Advertising,

Thank you for the donation of tickets for Walking with the Dinosaurs. Some of the tickets were given to a father and his two children. As their family counselor I have been working with Gordon to build upon his relationship with his sons. During one session the family was making a list of things they could do together. Riley said that he would like to go to Walking with Dinosaurs with his dad. Gordon responded that this would be impossible because of the cost of the tickets. I placed a call to Kids Up Front to see if they had any tickets available to the event and was very happy to learn that there were some available.

When I called to tell the family that I had been able to get tickets for this event I could hear Riley in the background cheering. On the day I was to bring the tickets to the family I was called several times to be asked if I had them yet. When I arrived with the tickets both Riley and Lucas ran down the stairs at full speed to receive them. On the visit I had with them after the show they couldn't stop talking about how fun Walking With Dinosaurs was. To this day they still talk about it and have it as one of their favorite activities over the summer.

Thank you again for offering these tickets to families that would otherwise be unable to afford them.

Sincerely,

Michelle Picard
Family Counselor
