Re: Vancouver Whitecaps FC

I wanted to quickly acknowledge the Vancouver Whitecaps FC organization for their donation of tickets to their home opener against Minnesota. We had a great response from the families who attended the game. These families would not have been able to enjoy this atmosphere without your commitment towards making the games accessible through your partnership with Kids up Front. It is of utmost importance for our poorer and struggling families to be able to have positive outlets such as a Whitecaps game.

Thank you so much, our younger frenzied soccer fans really enjoyed the action. I know for a fact they talked about the game for days with their soccer friends at school.

Sincerely,

Peter van den Hoogen
Coordinator of Student Intervention and Support Services
